

FISHING

Play

READ THE MARKET. CATCH THE FISH. CHOOSE WHERE TO
SELL.

Liam · Saxon · Harrison · David

Every trip begins with a price.

Inspect a real species, read its seven-day graph, then track it across the lake.

The route changes when the market changes.

The game loop

Capacity, speed, depth, and reel control change what the next trip can achieve.

MAIN CHARACTER

FSHING

**A small working
boat.
A long way to go.**

WEATHERED HULL
HOOK CRANE
CARGO CRATE
WARM LANTERN

The boat grows through mechanics, not dialogue.

THE FIGHT

Reel when it is calm. Release when it runs.

The line curves, thickens, and changes colour as tension rises. Later fish demand better timing and deeper gear.
